The Honorable Rosa L. DeLauro
Ranking Member
House Committee on Appropriations
1036 Longworth HOB
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

This letter is requesting funding for the Multi Lakes Water and Sewer Authority Pollution Prevention Project for fiscal year 2026. The entity to receive funding for this project is Multi Lakes Water and Sewer Authority, located at 12088 N. Territorial Road, Dexter, Michigan 48130. Funding for this project would allow for the acquisition of new equipment, specifically a new influent screen, high performance vacuum controllers and plungers, and a new HVAC system to better remove pollutants, prevent infiltration, and improve biological processes. This project is an appropriate use of taxpayer funds because it will strengthen compliance with water quality standards, reduce PFAS, improve performance during the colder winter months, and benefit the 1500 households Multi Lakes Water and Sewer Authority serves.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

This letter certifies that I have no financial interest in this project, and neither does anyone in my immediate family. Thank you for your consideration of this request.

Sincerely,

Debbie Dingell
Member of Congress
