Dear Chairwoman Granger and Ranking Member DeLauro:

This letter is requesting funding for the Village of Manchester's Wastewater Treatment Plant Improvements project in fiscal year 2024. The entity to receive funding for this project is the Village of Manchester, located at 912 City Road, Manchester, MI 48158. The funding would be used to improve its wastewater treatment plant. The project is an appropriate use of taxpayer funds because it would help the community build a new wastewater storage tank, along with a new generator, and lift station. These improvements of storage and treatment of wastewater will allow for the future growth of the Village of Manchester.

The project has a Federal nexus because the funding provided is for purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a)(2).

This letter certifies that I have no financial interest in this project, and neither does anyone in my immediate family. Thank you for your consideration of this request.

Sincerely,

Debbie Dingell  
Member of Congress
