The Honorable Rosa L. DeLauro
Ranking Member
House Committee on Appropriations

Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

This letter is requesting funding for the Pittsfield Township Public Safety Facility Upgrades project in fiscal year 2025. The entity to receive funding for this project is Pittsfield Township, located at 6227 W. Michigan Avenue, Ann Arbor, Michigan 48108. The funding for this project would enable the township to renovate and reconstruct the aging public safety facility that provides primary fire and police department response services to the community. The project is an appropriate use of taxpayer funds because the public safety department provides full emergency fire and police services to a diverse, aging and developing residential community, while also assisting adjacent communities, including university and college campuses with fire and police mutual aid for public safety related incidents. The public safety facility improvement project will improve service delivery and safety for all township residents and businesses.

The project has a federal nexus because the funding provided is for purposes authorized by the Community Development Block Grant (CDBG) program: 42 U.S.C. 5305(a)(2).

This letter certifies that I have no financial interest in this project, and neither does anyone in my immediate family. Thank you for your consideration of this request.

Sincerely,

Debbie Dingell
Member of Congress
